LGR Implications for Parish/Town Council Elections

E mail received from WLBC Democratic Services. 'To formalise in law the changes that come about through Local Government Reorganisation, Central Government will lay a Structural Changes Order in Parliament. We anticipate, similar to what happened with North Yorkshire's reorganisation, that the Structural Changes Order for Lancashire will include a section relating to Parish/Town Council elections. This is with a view to ensure that Parish/Town Council election cycles align with the election cycle of the new unitary authority.

This would mean that all Parish/Town Council areas would have elections in 2027, regardless of the date of their last election. This would be combined with the shadow elections for the new Unitary Authority. Those elected would serve a 5-year term of office until 2032 when elections would take place again combined with the Unitary elections. A 4-year cycle would then be in place with further elections in 2036, 2040 and so on, always in combination with unitary elections.' This was noted

7. To receive an update on a traffic survey to identify the current volumes and timing of HGV traffic.

The Clerk contacted Paul Connell (Road Safety Officer LCC) who provided information regarding data collection companies. A quotation was received which would provide a week of 24 hours data with detailed classifications. Paul stated a community traffic survey where volunteers are safely positioned to visually assess and mark passing vehicles onto a standardised tally could also be an option. It was ratified to look into this option with volunteers collating data.

- 8. To receive and consider a quotation for a maintenance treatment on the timber play area.** The quotation was circulated and agreed, the treatment will be applied after the school holidays.
- 9. To receive and consider the quotation for the renewal of the village hall kitchen floor.** It was ratified that both the floor and kitchen require replacing at the same time; a price for a commercial kitchen will be sought.
- 10. To discuss available options of ways to raise finance to fund development of the Village Hall.** Following discussion it was ratified to investigate borrowing money; NALC will be contacted for further advice.
- 11. To discuss and agree a way forward on agreeing a short program of cultural events to be funded in part by the arts council grant.** It was ratified that a full program of cultural events for all ages would be put together to attract new people and groups.
